	1	CLAIM
	2	<u>I</u> <u>CLAIM</u> :
	3	A new and distinct variety of cherry tree, substantially as illustrated
	4	and described, that is most similar to the 'Tulare' (United States Plant
•	5	Patent Number 6,407) cherry by blooming at the same time and by producing
	6	cherries that are medium to large in size, firm in texture, dark red in
. •	7	skin color, red in flesh color, and sweet in flavor, but is distinguished
	8	therefrom and an improvement thereon by producing cherries that are
*	9	somewhat oblate in shape rather than heart shaped and by being a
	10	pollinator for both the 'Glenred' (United States Plant Patent Number
	11	12,859) and the 'Tulare'.
		12,000, and the later.
